Diplo in computer science
77%
- Ambe vidyalaya** 2018
SSC
71%

Skills

- HTML
- Excel
- Wordpress
- Data analysis
- Data record handling
- Video editing

Projects

- Book Quikr**
It is a website. It was used for selling and purchasing second hand books at user friendly rates. We have done coding in Html and Php languages. And also design the login pages attractive that user can use the website very thoroughly.
- Car4u recommendation system**
This project is done on machine learning. System designed to assist car buyers in making infomed decision. This project aims to alleviate this challenge by utilising advance data analysis and machine learning techniques to provide personal car based on the use preferences.
I have made the graphs and charts to understand the availability of the car.
