INTERNSHIPS
Web Development & Designing
(may 2023-june 2023)
I participated in an enriching online internship offered   by OasisInfobyte. Throughout the internship, I was assigned three challenging tasks to accomplish. I successfully completed all the tasks, and as a result, I earned certification from the company.

WEB DEVELOPMENT WITH REACT
I have participated in an enriching paid internship of web development with react.js by Brainybeam Infotech . Throughout the internship , I have performed day to day tasks and created frontend Car Rental hub website.
